MEMORANDUM FOR: DD/S

SUBJECT : Reimbursement of Medical Expenses - [ ] 25X1A9A

1. This Office does not concur in the recommendation from the Director of Personnel and the EE Division for the payment of [ ] medical expenses. The illness and expenses having occurred prior to [ ] entrance on duty with this Agency, the claim set forth herein does not appear to establish such a relationship to the unique functions of this Agency as is required under the authority granted the DD/S under paragraph 9 of [ ]

25X1A9A

2. It is the opinion of this Office that were the claim otherwise proper for approval by the Agency, it should be processed to the Bureau of Employees' Compensation in accordance with the Federal Employees' Compensation Act (FECA) in order that any future expenses or other disability arising from the illness would not be forfeited by failure of timely reporting to the Bureau. In addition, it is noted that future injury or illness of [ ] for which claim might be made under FECA could well cause a review at that time, of the incident of the cited illness.

3. As a result of inquiry by the claimant, the claimant has been informally advised of the content of this memorandum.
